

Сервисная кампания: Резьбовые крепления передней подвески.

Марка PEUGEOT проводит сервисную кампанию в целях повышения качества продукции и обеспечения ее соответствия требованиям технических регламентов. На четырёмсот тридцати (430) автомобилях модели Peugeot Traveller, произведенных с февраля 2018 по июль 2018 года и трёхсот одном (301) автомобиле модели Peugeot Expert, произведенном с января 2018 по июль 2018 года, будет выполнена замена резьбовых креплений передней подвески.

Дилерские центры PEUGEOT информируют владельцев автомобилей, подпадающих под кампанию, путем рассылки писем и по телефону. Одновременно владельцы могут самостоятельно определить, участвует ли их транспортное средство в кампании, сопоставив VIN-код собственного автомобиля с прилагаемым перечнем.

В случае участия автомобиля в кампании, убедительно просим владельцев связаться с ближайшим дилерским центром и записаться на сервисные работы. Все работы в рамках кампании проводятся бесплатно и занимают не более часа.
